Welcome to the **Pastor's Quarterly News Release**. At Brooklyn, we are extremely grateful to God for the gift of a New Year, and are looking forward to the abundant blessings He promised those who are faithful to Him. As we embark on this new 365-day journey, we first want to look back and praise Him for the way He led us in 2019. This past year, we spent a lot of time as a church family examining self and reassessing what matters most. So, as we begin this new year, we are confident that 2020 will be both impactful and transformative, because we have made a conscious and collective decision to lean on our Heavenly Father more than ever before. **Our theme for this year will be: Celebrating mission, forgiveness, salvation, families, health, grace and mercy.** You are cordially invited to journey with us, we are certain that your life will be transformed in the process.
